

# GRADUATION 2019

If you missed the 72nd Graduation, this is how things went and how God blessed the day. There were many visitors who joined the staff and students for the afternoon ceremony. The students led a time of adoration when God's presence was felt and this was followed by a message from Pastor Daniele Recca who reminded us of the importance of spending our life for the Lord. Graduation is always an emotive time and the joy and pride of the families was obvious when the students received their diploma and were then prayed for by all the ministers present.

The graduating students are now moving into the future God has prepared for them but we will keep them in our hearts and ask you to continue to pray with us for them.

God Bless you all

# YouthCamp19

If there is a call that the IBTI fulfils it is that of forming and preparing the next generation for ministry. So, our annual Youth Camp is an opportunity to reach young people and facilitate encounters with God. This year we had 28 young people from eight different nations who were each touched by the presence of God in different ways: some accepted Jesus Christ as Lord and Saviour, some were baptised in the Holy Spirit, while others deepened their relationship with Him, still others expressed their desire to become IBTI students. There were also times of leisure and fun including trips to London, Brighton and Hastings. In short, they were intense and blessed days. New ideas are already forming for next year, so let's keep in touch and follow us on social media and our website.

Walk like him

## CHRISTLIKE // MISSION19

The "Christlike Mission" is a summer activity organised by the IBTI where a team of current and former IBTI students and staff target an area of a different country each year for about a week. The purpose of this trip is two-fold:

1. To create an opportunity for our students to experience mission in different cultural contexts and put into practice what they have learned during their time at the college.
2. To bless and encourage the local church as they live out 1 John 2:6, in their own community: "Whoever claims to live in him must live as Jesus did".

There is only so much our group can do in 10 days to impact a community, but what we aim to do is to influence the churches where they are. Support them to be who God intends them to be in society, be outward-looking and accept the challenge of being like Christ, no matter what.
