New Building Update

Exciting News about our New Accommodation / Community Hub / Conference Hall here at the College.

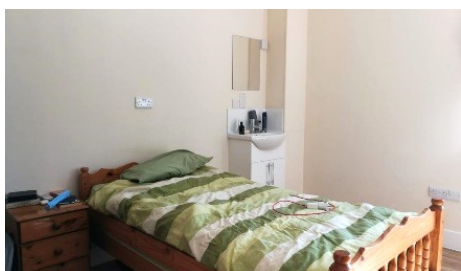

Thank you to everybody...

who is part of the growing army of supporters! I cannot stress enough how much this building is being built by the generosity of people like yourselves.

Through your giving, we literally have the rooms done and occupied by both our 2nd Year students as well as our Level 4 group and they are overjoyed by their new accommodation however we have still a ways to go to completion of the whole building.

Let me say though that everything that onsite has been paid for which is a 'faith' and 'faithful God' milestone for the College. As you will see from the photos, our Atrium entrance has had its glass in and part of the metal staircase installed.

Through Covid, although we had workers in in different sections of the building, the company we had who were doing the staircase went bust and so the whole process had to begin again and so, we are hoping that very soon the staircase will finally be finished.

You may be asking how can I then be a part of this project?

We as leaders here, have just agreed to move forward with our next phase which is completing our Community hub/coffee bar (and tea!) area.

We are literally again *“stepping out of the boat”* in faith realising that the same way you have given financially or practically to get us to this stage, that you will stand with us by giving for this next stage, so whatever you can give, we can use to finance what we're calling the ground floor phase; **“Community Connect”**.

Community Connect

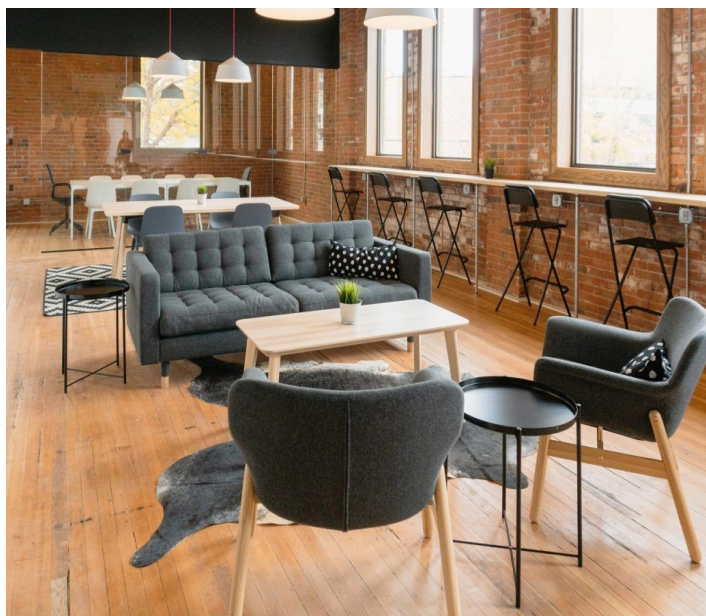

This is a very specific area needed for the students, staff and visitors to be able to chat, discuss and enjoy time together in a warm and safe environment.

Details of how to give to “*Community Connect*” are found on our website at www.ibti.org.uk/support-us/.

Thank you again for continuing to help us move forward and help present and future student prepare for what God is calling them to do.

Operations Director
John Whyte

This is how we hope it will be
