The following is a brief description of International Bible Training College and the type of activities we undertake which bring us into contact with children and adults who have care and support needs:

- a) IBTC is a residential Bible college, training students over the age of 18 from the UK and abroad.
- b) The students live on site during term time.
- c) The students attend local churches and they may be involved in activities with children and adults who have care and support needs.
- d) The students are involved in outreach activities with churches connected to IBTC and on the streets in the UK and Europe.
- e) The second-year students spend about 10 days on a residential placement in local churches working in various ministries.
- f) All volunteer workers who live on site have individual or family accommodation. This can include those who have children although at present (academic year 2020-2021) this is not the case.

Out of term activities at IBTC:

- g) IBTC holds an annual residential youth camp with young people some of whom are under 18.
- h) Churches, charities and other groups can use the facilities and there may be children and adults with care and support needs in these groups although at present (academic year 2020-2021) this will not be the case.

Our Commitment

The college recognise the need to provide a safe and caring environment for children, young people and adults. We acknowledge that children, young people and adults can be the victims of physical, sexual and emotional abuse, and neglect. We accept the UN Universal Declaration of Human Rights and the International Covenant of Human Rights, which states that everyone is entitled to “all the rights and freedoms set forth therein, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status”. We also concur with the Convention on the Rights of the Child which states that children should be able to develop their full potential, free from hunger and want, neglect and abuse. They have a right to be protected from “all forms of physical or mental violence, injury or abuse, neglect or negligent treatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s), or any other person who has care of the child.” The college leadership has adopted the procedures set out in this safeguarding policy in accordance with statutory guidance. We are committed to build constructive links with statutory and voluntary agencies involved in safeguarding.

The guidelines and procedures are based on the ten **Safe and Secure** safeguarding standards published by thirtyone:eight.

The leadership undertakes to:

- endorse and follow all national and local safeguarding legislation and procedures, in addition to the international conventions outlined above.
- provide on-going safeguarding training for all its workers and students and will regularly review the operational guidelines attached.
- support the safeguarding coordinator in their work and in any that they may need action they may need to take in order to protect children and adults with care and support needs.
- the leadership agrees not to allow the document to be copied by other organisations.

Section 2 - Prevention

Understanding abuse and neglect

Defining child abuse or abuse against an adult is a difficult and complex issue. A person may abuse by inflicting harm or failing to prevent harm. Children and adults in need of protection may be abused within a family, an institution or a community setting. Very often the abuser is known or in a trusted relationship with the child or adult.

In order to safeguard those in our organisation we adhere to the UN Convention on the Rights of the Child and have as our starting point as a definition of abuse, Article 19:

1. States Parties shall take all appropriate legislative, administrative, social and educational measures to protect the child from all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, maltreatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s) or any other person who has the care of the child.

2. Such protective measures should, as appropriate, include effective procedures for the establishment of social programmes to provide necessary support for the child and for those who have the care of the child, as well as for other forms of prevention and for identification, reporting, referral, investigation, treatment and follow-up of instances of child maltreatment described heretofore, and, as appropriate, for judicial involvement.

Also with regard to adults the UN Universal Declaration of Human Rights states, with particular reference to Article 5:

No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment.

Detailed definitions, and signs and indicators of abuse, as well as how to respond to a disclosure of abuse, are included here in our policy.

See Appendices 1, 2 & 3

Safer recruitment

The leadership will ensure all voluntary workers and students will be appointed, trained, supported and supervised in accordance with government guidance on safe recruitment. This includes ensuring the following:

Voluntary workers

- There is a written task description / person specification for the post
- Those applying have completed an application form and a self-declaration form. ***See Appendices 4 & 5***
- Written references have been obtained, and followed up where appropriate
- A disclosure and barring check has been completed where necessary (we will comply with code of practice requirements concerning the fair treatment of applicants and the handling of information)
- The applicant has been given a copy of the organisation's safeguarding policy and knows how to report concerns.

Students

- The student application process will include references and a self-declaration form. **See Appendix 6**
- All voluntary workers must agree to and sign a copy of the safeguarding code of conduct. **See Appendix 7**

Safeguarding training

The leadership is committed to on-going safeguarding training and development opportunities for all voluntary workers and students, developing a culture of awareness of safeguarding issues to help protect everyone. All our voluntary workers and students will receive appropriate induction training and undertake recognised safeguarding training on a regular basis or when activities dictate this.

The leadership will also ensure that children and adults with care and support needs are provided with information on where to get help and advice in relation to abuse, discrimination, bullying or any other matter where they have a concern.

Code of conduct

As a leadership we are committed to supporting all voluntary workers and students and ensuring they receive support and supervision. All voluntary workers and students have been issued with a code of conduct towards children, young people and adults with care and support needs.

See Appendix 7

Section 3 - Practice guidelines

As a FE college with activities which bring us into contact with children, young people and adults with care and support needs we wish to operate and promote good working practice. This will enable workers and students to be involved in activities safely, develop good relationships and minimise the risk of false or unfounded accusation.

As well as a general safeguarding policy and code of conduct for students and voluntary workers we also have specific good practice guidelines for every activity we are involved in and which are in the appendices.

- Student placements – see Section 1 a) and **Appendix 8**
- Student outreaches – see Section 1 d) and **Appendix 9**
- Christlike youth camp – see Section 1 g) and **Appendix 10**

Section 4 - Responding to allegations of abuse

Responding to allegations of abuse

Under no circumstances should a volunteer or worker carry out their own investigation into an allegation or suspicion of abuse. They must follow procedures as below:

Documenting a concern: (For more detailed procedures and flowchart *see Appendix 11*)

The student or volunteer should make a report of the concern in the following way:

- The person in receipt of allegations or suspicions of abuse should report concerns as soon as possible to:

Name: Joy Dawes (hereafter the "safeguarding coordinator")

Tel: 01444 233173 or

Email: office@ibti.org.uk

The above is nominated by the leadership to act on their behalf in dealing with the allegation or suspicion of neglect or abuse, including referring the matter on to the statutory authorities.

- In the absence of the safeguarding coordinator or, if the suspicions in any way involve the safeguarding coordinator, then the report should be made to:

Name: Davide Lentini (hereafter the "deputy")

Tel: 01444 233173

Email: davide.lentini@ibti.org.uk

- If the suspicions implicate both the safeguarding coordinator and the deputy, then the report should be made in the first instance to:

thirtyone:eight PO Box 133, Swanley, Kent, BR8 7UQ.

Tel: 0303 003 1111.

Alternatively contact social services or the police.

- The safeguarding coordinator should ring the thirtyone:eight helpline for advice regarding which social services should be contacted.
- If necessary contact social services in the area the child or adult lives.
- The safeguarding coordinator may need to inform others depending on the circumstances and/or nature of the concern e.g.
 - Chair or trustee responsible for safeguarding who may need to liaise with the insurance company or the charity commission to report a serious incident.
- Suspicions must not be discussed with anyone other than those nominated above and the IBTC principal. A written record of the concerns should be made in accordance with these procedures and kept in a secure place.
- Whilst allegations or suspicions of abuse will normally be reported to the safeguarding coordinator, the absence of the safeguarding coordinator or deputy should not delay taking advice from thirtyone:eight or referral to social services or police.
- The leadership will support the safeguarding coordinator/deputy in their role and accept that any information they may have in their possession will be shared in a strictly limited way on a need to know basis.

- It is, of course, the right of any individual as a citizen to make a direct referral to the safeguarding agencies or seek advice from thirtyone:eight, although the Leadership hope that members of IBTC will use this procedure. If, however, the individual with the concern feels that the Safeguarding coordinator/deputy has not responded appropriately, or where they have a disagreement with the safeguarding coordinator(s) as to the appropriateness of a referral they are free to contact an outside agency direct. We hope by making this statement that the leadership demonstrate its commitment to effective safeguarding and the protection of all those who are vulnerable.

The role of the safeguarding coordinator/ deputy is to collate and clarify the precise details of the allegation or suspicion and pass this information on to statutory agencies who have a legal duty to investigate.

Detailed procedures where there is a concern about a child:

Allegations of physical injury, neglect or emotional abuse

If a child has a physical injury, a symptom of neglect or where there are concerns about emotional abuse, the safeguarding coordinator/deputy will:

- Contact thirtyone:eight for advice in cases of deliberate injury, if concerned about a child's safety or if a child is afraid to return home.
- Not tell the parents or carers unless advised to do so, having contacted children's social services.
- Seek medical help if needed urgently, informing the doctor of any suspicions.
- Seek and follow advice given by thirtyone:eight (who will confirm their advice in writing) if unsure whether or not to refer a case to children's social services.

Allegations of sexual abuse

In the event of allegations or suspicions of sexual abuse, the safeguarding coordinator/deputy will:

- Contact thirtyone:eight. They will NOT speak to the parent/carer or anyone else.
- Seek and follow the advice given by thirtyone:eight who will advise who to contact. Thirtyone:eight will confirm its advice in writing for future reference.

Detailed procedures where there is a concern that an adult is in need of protection:

Suspicious or allegations of abuse or harm including; physical, sexual, organisational, financial, discriminatory, neglect, self-neglect, forced marriage, modern slavery, domestic abuse

If there is concern about any of the above, the safeguarding coordinator/deputy will:

- Contact thirtyone:eight for advice.
- If the adult is in immediate danger or has sustained a serious injury contact the emergency services, informing them of any suspicions.

If there is a concern regarding spiritual abuse, the safeguarding coordinator will:

- Identify support services for the victim i.e. counselling or other pastoral support
- Contact thirtyone:eight and in discussion with them will consider appropriate action with regards to the scale of the concern.

Allegations of abuse against a person who works with children/young people:

If an accusation is made against a volunteer or student, and if the situation occurs in the UK, whilst following the procedure outlined above, the safeguarding coordinator, in accordance with Local Safeguarding Children Board (LSCB) procedures will:

- Liaise with children's social services in regards to the suspension of the worker if the situation occurs in the UK
- Make a referral to a designated officer formerly called a Local Authority Designated Officer (LADO) whose function is to handle all allegations against adults who work with children and young people whether in a paid or voluntary capacity.
- Make a referral to Disclosure and Barring Service for consideration of the person being placed on the barred list for working with children or adults with additional care and support needs. This decision should be informed by the LADO if they are involved.

If an accusation is made against a volunteer or student, and if the situation occurs outside the UK, advice will be sought from thirtyone:eight or local advisors in the country.

Allegations of abuse against a person who works with adults with care and support needs:

If an accusation is made against a volunteer or student, and if the situation occurs in the UK, whilst following the procedures outlined above, the safeguarding coordinator will:

- Liaise with Adult Social Services in regards to the suspension of the worker
- Make a referral to the DBS following the advice of Adult Social Services

The Care Act places the duty upon adult services to investigate situations of harm to adults with care and support needs. This may result in a range of options including action against the person or organisation causing the harm, increasing the support for the carers or no further action if the ‘victim’ chooses to take no further action and they have the capacity to communicate their decision. However, this is a decision for adult services to decide not the college.

If an accusation is made against a volunteer or student, and if the situation occurs outside the UK, advice will be sought from thirtyone:eight or local advisors in the country.

Section 5 – Pastoral care

The leadership is committed to working with statutory agencies as appropriate while also providing pastoral care to all those that may have been affected by abuse and are part of the IBTC. The lead person for this will be the principal and/or the student welfare manager who will present the affected person with options for the support they need depending on the circumstances. The college will also have a supply of leaflets with useful information regarding caring for those who have been abused.

In regard to the alleged abuser the IBTC disciplinary policy and procedure regarding safeguarding issue will be implemented.

See Appendix 12 Disciplinary statement and Appendix 13 Disciplinary procedure

These safeguarding guidelines and procedure were agreed by the leadership.

APPENDIX 1 - Definitions of abuse

Definitions of abuse of children

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the internet. They may be abused by an adult or adults, or another child or children.

Physical abuse: Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Spiritual abuse: Linked with emotional abuse, spiritual abuse could be defined as an abuse of power, often done in the name of God or religion, which involves manipulating or coercing someone into thinking, saying or doing things without respecting their right to choose for themselves. Some indicators of spiritual abuse might be a leader who is intimidating and imposes his/her will on other people, perhaps threatening dire consequences or the wrath of God if disobeyed. He or she may say that God has revealed certain things to them and so they know what is right. Those under their leadership are fearful to challenge or disagree, believing they will lose the leader's (or more seriously God's) acceptance and approval.

Sexual abuse: Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Extremism: Extremism goes beyond terrorism and includes people who target the vulnerable – including the young – by seeking to sow division between communities on the basis of race, faith or

denomination; justify discrimination towards women and girls; persuade others that minorities are inferior; or argue against the primacy of democracy and the rule of law in our society.

Definitions of abuse of adults

Physical abuse – including assault, hitting, slapping, pushing, misuse of medication, restraint or inappropriate physical sanctions.

Domestic violence – including psychological, physical, sexual, financial and emotional abuse.

Sexual abuse – including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

Spiritual abuse: Linked with emotional abuse, spiritual abuse could be defined as an abuse of power, often done in the name of God or religion, which involves manipulating or coercing someone into thinking, saying or doing things without respecting their right to choose for themselves. Some indicators of spiritual abuse might be a leader who is intimidating and imposes his/her will on other people, perhaps threatening dire consequences or the wrath of God if disobeyed. He or she may say that God has revealed certain things to them and so they know what is right. Those under their leadership are fearful to challenge or disagree, believing they will lose the leader's (or more seriously God's) acceptance and approval.

Psychological abuse – including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyber bullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.

Financial or material abuse – including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements.

Discriminatory abuse – including forms of harassment, slurs or similar treatment; because of race, gender and gender identity, age, disability, sexual orientation or religion.

Neglect, acts of omission and self-neglect

- We are aware that neglect is a form of abuse but in our present situation we do not have the long-term contact with adults which would allow identification of this except for our own students and volunteers who are cared for holistically by the college.

APPENDIX 3 - Spiritual abuse

As a college with a strong emphasis on the spiritual aspect of the life of our students and volunteers we take seriously the implications of spiritual abuse.

We understand the influence someone in a position of spiritual leadership can have in regard to persuading or enforcing decisions in others when the stance taken is that 'this is the will of God', 'this will affect your spiritual growth' or similar situations. This can have a detrimental and negative effect especially when the other person is not fully in agreement with the leader, when they are being educated by, or under the authority of the leader and consequentially don't feel they are in a position to challenge them.

Spiritual abuse can also take place between peers when one person negatively controls or influences the other claiming spiritual superiority.

We understand the long and short term effect this can have on someone and expect our staff and students to avoid all situations which could lead to spiritual abuse in any form including:

- misuse of scripture in order to manipulate
- claims of divine authority
- enforced accountability
- pressure to conform which crosses boundaries of reasonable behaviour for life in a residential college

Spiritual abuse ultimately harms how a person relates to God and to others around them and this is the complete opposite of the purpose of this college

Definitions of spiritual abuse

Linked with emotional abuse, spiritual abuse could be defined as an abuse of power, often done in the name of God or religion, which involves manipulating or coercing someone into thinking, saying or doing things without respecting their right to choose for themselves. Some indicators of spiritual abuse might be a leader who is intimidating and imposes his/her will on other people, perhaps threatening dire consequences or the wrath of God if disobeyed. He or she may say that God has revealed certain things to them and so they know what is right. Those under their leadership are fearful to challenge or disagree, believing they will lose the leader's or more seriously, God's, acceptance and approval.

Signs and symptoms of spiritual abuse

Relationships with an imbalance of power or with intimidation

Inappropriate healing or deliverance ministry

Misuse of authority

Extreme pastoral interference and control

Relationships with an excessive amount of secrecy and exclusion

Relationships which are based on, or affected by, an exchange of favours or obligations

LEGALESE – ATTACHED NOTES

The Disclosure of any offence may not prohibit employment. Please refer to our Rehabilitation of Offenders Policy. As this post involves working contact with children, young people and/or vulnerable adults all applicants who are offered an appointment will be asked to submit to a criminal record check before the position can be confirmed. You will be asked to apply for an Enhanced Disclosure through the Disclosure and Barring Service (DBS) (England & Wales).

As the position is exempted under the Rehabilitation of Offenders Act this check will reveal details of cautions, reprimands or final warnings, as well as formal convictions not subject to DBS filtering rules. Because of the nature of the work for which you are applying, this position is exempt from the provision of section 4(ii) of the Rehabilitation of Offenders Act 1974 (Exemptions Orders as applicable within the UK), and you are not entitled to withhold information about convictions which for other purposes are ‘spent’ under the provisions of the Act with the exception of those that are subject to the DBS filtering rules. In the event of appointment, any failure to disclose such convictions could result in the withdrawal of approval to work with children or vulnerable adults within the church/organisation.

This process is subject to a strict code to ensure confidentiality, fair practice and security of any information disclosed. The DBS Service Code of Practice and our own procedures are available on request for you to read. APPENDIX 7 - Code of conduct

**IBTC behaviour code for working with children, young people and adults at risk of harm.
Particularly applicable in outreaches, placement, Christlike youth camp and Christlike tour.**

Purpose

This behaviour code outlines the conduct expected of all workers (students and volunteers). The code of conduct aims to help protect adults at risk of harm, children and young people from abuse and inappropriate behaviour from those in positions of trust, and to reduce the risk of unfounded allegations of abuse being made.

The role of workers (students and voluntary workers)

When working with children and young people or adults at risk of harm, you are acting in a position of trust for the IBTC. You will be seen as a role model and must act appropriately.

Good practice

- Treat everyone with dignity, respect and fairness, and have proper regard for individuals' interests, rights, safety and welfare
- Work in a responsible, transparent and accountable way
- Be prepared to challenge unacceptable behaviour or be challenged
- Listen carefully to those you are supporting
- Avoid any behaviour that could be perceived as bullying, emotional abuse, harassment, physical abuse, spiritual abuse or sexual abuse (including inappropriate physical contact such as rough play and inappropriate language or gestures)
- Seek advice from someone with greater experience when necessary
- Work in an open environment – avoid private or unobserved situations
- Follow policies, procedures and guidelines and report all disclosures, concerns, allegations and suspicions to the safeguarding co-ordinator
- Don't make inappropriate promises particularly in relation to confidentiality
- Do explain to the individual what you intend to do about allegations or concerns and do not delay taking action

Unacceptable behaviour

- Not reporting concerns or delaying reporting concerns
- Taking unnecessary risks
- Any behaviour that is or may be perceived as threatening or abusive in any way
- Passing on your personal and/or social media contact details which could open up the possibility of inappropriate and unwise interactions with children, young people or vulnerable adults
- Developing inappropriate relationships
- Smoking, consumption of illegal substances or excessive alcohol consumption

- Favouritism/exclusion – all people should be equally supported and encouraged

Breaching the code of conduct

If you have behaved inappropriately you will be subject to disciplinary procedures. Depending on the seriousness of the situation, you may be asked to step down from the IBTC’s activities. We may also make a referral to statutory agencies such as the police and/or the local authority children’s or adult’s social care departments or DBS/AccessNI/Disclosure Scotland. If you become aware of a breach of this code, you should escalate your concerns to the safeguarding coordinator.

APPENDIX 11 - Procedures to be followed when responding to a concern

Refer to flowcharts

1. General procedures for children, young people and adults

a) Recording Incidents

If there is a concern that a child, young person or adult with care and support needs may have been abused or a direct allegation of abuse has been made, it is important the person receiving this information makes notes following the guidelines below:

These notes should:

- Be made as soon as possible (preferably within one hour of the person talking)
- Include a description of any injury, its size, and if possible a drawing indicating its location and shape on the person's body.
Include exactly what has been said, when it was said, what was said in reply and what was happening immediately beforehand (e.g. a description of an activity).
- Include dates and times of these events and when the record was made.
- Include any action taken
- All handwritten notes should be kept even if subsequently typed up.
- Be passed on to the safeguarding co-ordinator to assist them should the matter need to be referred to the statutory agencies such as Adult or Children's Social Services or the police.

b) Workers need to share concerns with the co-ordinators as well as clear allegations made by, or about, children, young people and adults at risk. Sharing 'gut feelings' at an early stage, may assist in helping those who need it.

2. Procedures specifically for children (including young people)

a) Where there is a physical injury or symptoms of neglect regarding a child the safeguarding Coordinator should do the following:

- Contact Children's Social Services if there are concerns that a child may have been deliberately hurt, is at risk of 'significant harm' or is afraid to return home. Do not tell the parents/carers in such circumstances.
- If a child needs urgent medical attention an ambulance should be called or they should be taken to hospital, informing the parents/carers afterwards of the action that was taken. The hospital staff should be informed of any child protection concerns. They have a responsibility to pass these concerns on to the statutory authorities.

b) Where the concern or allegation of abuse is sexual, the safeguarding co-ordinator should do the following:

- Contact Thirtyone:eight for advice
- When contacting police or Children's Social Care³ give them all the information about the allegation so they can carry out an investigation
- In the case of a severe allegation (such as rape) contact the police immediately
- Do not contact anyone who might be involved, including the parents or guardians.
- Keep all the information confidential and only share on a 'need to know' basis.
- Inform the relevant member of IBTC board of directors if necessary who will make relevant decisions to inform insurance companies and Charity Commission.

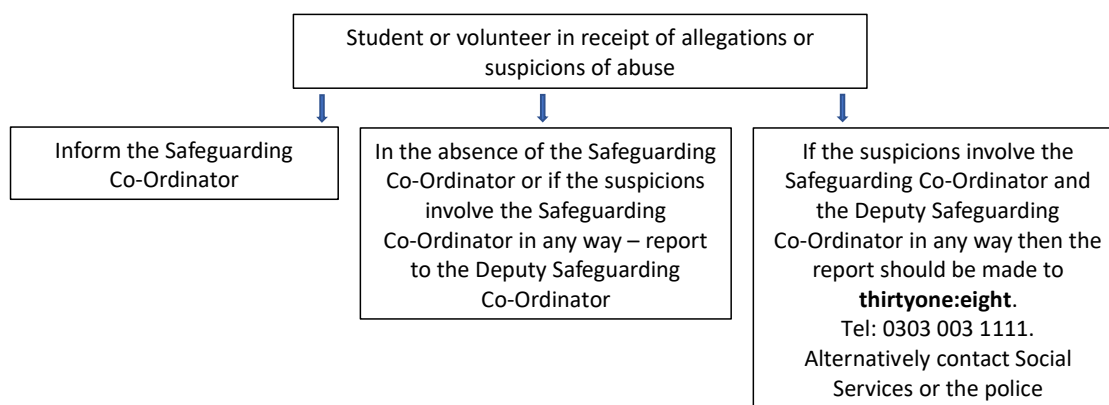

³ See Flow Chart for contact details

- If the allegations of abuse are against another child or young person these allegations should still be investigated in the same way.
- Local Authorities should be informed within 24 hours of any allegation.

3. Procedures specifically for adults

- a) In both the following situations the safeguarding officer (or deputy) should contact Thirtyone:eight for advice:
- If there is difficulty determining if an adult has mental capacity to make decisions about their safety and wellbeing.
 - If there are general concerns about the wellbeing of an adult in regard to possible abuse and decisions need to be made to know how to respond to this.

4. If the allegation is against one or more of the following: safeguarding coordinator, principal or operations director (deputy safeguarding coordinator), then the board of directors (excluding any board members who hold these positions) will be the ones cooperating with the church/organisation and implementing the investigation and disciplinary procedure.

APPENDIX 13 – Disciplinary procedure regarding safeguarding issues

SCOPE

The IBTC disciplinary procedure regarding safeguarding issues will be used only when necessary and exclusively in relation to incidents outlined in the safeguarding policy. The process will follow instructions given by the authorities when they are involved and advice given by thirtyone:eight.

All staff and students can discuss any part of this policy with the safeguarding coordinator, deputy safeguarding coordinator or principal. They can help clarify the rights of any staff member or student as well as give guidance and support where it may be needed. ⁵ See 'Investigation and Disciplinary Process' point 1 Suspension

In the case of point 2 above the following procedure will be followed: Investigation and disciplinary process

1) Suspension

Suspension is not a disciplinary action. The purpose of suspension is manifold and can be used when it is necessary to remove a member of staff from the workplace pending an investigation for their own or others protection, to prevent them influencing or being influenced by others or to prevent possible interference with evidence. Only the principal and operations director of the IBTC at that time or the board of directors have the authority to suspend an individual.

A member of staff suspended from duty or a student from their programme, will receive written confirmation within thirty-six hours of the accusation being reported to the safeguarding coordinator or the board representative in the case of an accusation against the principal or safeguarding coordinators.

This written confirmation will include:

- a) the reason for the suspension;
- b) the date and time from which the suspension will operate;
- c) the timescale of the ongoing investigation;
- d) the right of appeal to the board of directors should the suspension last more than 7 days.

2) Procedure for Formal Internal Investigation

- a) Formal investigations should be carried out by the safeguarding coordinator who will only involve the principal, deputy safeguarding officer or appropriate board members if assistance is needed with the investigation process. All the relevant facts should be gathered promptly as soon as is practicable after the incident. Written statements should be taken from witnesses and/or the accuser at the earliest opportunity. Any physical evidence should be preserved and/or photographed if reasonable to do so.
- b) A report should be prepared, within thirty-six hours, which outlines the facts of the case. This should be submitted to the principal and operations director who will decide whether further action is required. Where appropriate, this report may be made available to the individual and their representative.
- c) Where serious misconduct is suspected, it will be appropriate to set up an investigatory hearing. This would be chaired by the appropriate member/s of the board of directors, who would be accompanied by some or all of the following as necessary: the principal, operations director (deputy safeguarding officer) and other members of the ibtc management team. the investigating manager (ideally the safeguarding coordinator) would be asked to present his/her findings in the presence of the member of staff or student who is being investigated. Witnesses should be called at this stage, and the member of staff or student (or their representative) will be allowed to question these witnesses (unless they are under 18 or an adult at risk). The member of staff or a student has a right of representation at this hearing.
- d) Following the full presentation of the facts, and the opportunity afforded to the member of staff or student to state his side of the case, the hearing should be adjourned, and everyone should leave the room except the principal, the operations director (deputy safeguarding

officer), the board of director members/s hearing the case, and the safeguarding coordinator. They should discuss the case and decide which of the following options are appropriate:

- i. take no further action against the member of staff or student,
 - ii. recommend counselling, or other appropriate support, for the member of staff or student,
 - iii. proceed to a disciplinary hearing.
- e) All parties should be brought back, and informed as to which option has been chosen. Should the decision be taken to proceed to a disciplinary hearing, then this may follow on immediately from the investigatory hearing if the following criteria have been met:
- i. the member of staff or student has been informed by letter that the investigation may turn into a disciplinary hearing, and that they have the right of representation;
 - ii. the member of staff or student has been told in advance what the nature of the complaint is, and have had time to consult with a representative;
